PROJECTS

Madhav Niwas. (Github) — React.js
Built a beautiful and fully responsive navigation bar using React.js, Tailwind CSS, Framer Motion, and Lucide icons. The navbar includes smooth open/close animations for mobile view, a gradient background, and a clean design that adapts seamlessly to different screen sizes. It enhances the user experience by providing intuitive navigation with elegant visual effects.

Learning Musical Instruments. (Github)— Next.js.
The Learning Musical Instrument Project is a web application designed to help users learn and practice musical instruments. It features interactive tutorials, real-time feedback using audio analysis, and progress tracking. Built with modern web technologies, the project aims to make music education accessible and engaging for beginners and enthusiasts.

ACHIEVEMENTS

- **Personality development** Successfully completed a Personality Development course, enhancing skills in communication, interpersonal relations, and personal growth to improve professional and personal effectiveness.

EX-CURRICULAR ACTIVITIES

- **Team member at zarurat student club, JECRC** .
- **Part Of NSS camps and done community works with friends and collegemates.**
