# Vellanki Rajesh

Guntur, Andhra Pradesh
+91-7036908897 vellankirajesh2004@gmail.com LinkedIn GitHub

## EDUCATION

**•Bachelor of Technology in Computer Science and Engineering (Data Analytics)** *2021 – 2025*
*VIT-AP University, Amaravati, Andhra Pradesh* CGPA: 8.88

**•Intermediate** *2019 – 2021*
*Bhashyam Boys Titanic Campus, Gorantla, Guntur* Percentage: 97%

**•10th Standard** *2018 – 2019*
*Sri Chaitanya School, Nagaralu, Guntur* GPA: 10/10

## PROFESSIONAL EXPERIENCE

**•Data Analytics Intern** *Nov 2023 - Jan 2024*
*InTrain Tech* Online

- **Data Visualization:** Utilized Power BI and Excel to create interactive dashboards, improving report accuracy by 30% and increasing user engagement by developing dynamic visualizations.
- **Data Manipulation:** Applied Python for data manipulation, preprocessing, and analysis tasks, ensuring data quality Improved data processing efficiency by 25% through optimized data cleaning .
- **Decision-Making:** Facilitated data-driven decision-making by providing actionable insights through comprehensive analysis. Enabled a 20% reduction in decision-making time for key business strategies by delivering clear data insights.

## PROJECTS

**•Sales Forecasting Analysis** *-2024*
*Forecasted sales trends using data analytics* GitHub

- **Forecasting:** Utilized Power BI and Excel to estimate future sales, optimizing resource allocation and strategic planning for improved operational efficiency. Increased forecast accuracy by 25% through advanced analytical models.
- **Integration:** Integrated Python for data processing and analysis, contributing to improved business performance. Reduced data processing time by 30% by efficient scripting and automation.

**•Hate Speech Detection** *-2024*
*model to classify tweets into categories such as Hate Speech, Offensive Speech.* GitHub

- **Data Preprocessing:** Cleaned and preprocessed a large dataset of tweets using techniques such as tokenization, lemmatization, stopword removal, and text normalization
- **Model Building:** Built and trained a Random Forest Classifier, achieving 88.9% accuracy on the test data for classifying tweets into Hate Speech and Offensive Speech categories.

**•Signature Authentication Mechanism** *-2024*
*classify handwritten signatures as Genuine or Forged* GitHub

- **Data Preprocessing :** Extracted and processed important features from handwritten signature images using OpenCV to improve model accuracy.
- **Model Building:** rained multiple classifiers; Random Forest achieved 100% accuracy, outperforming Logistic Regression (78.4%) and SGD (78.0%).

## CERTIFICATIONS

ETHNUS-MERN Full Stack
AWS Cloud Practitioner
InTrain Tech-Data Analytics

## Skills

**Languages:** Java, Python, JavaScript, HTML+CSS
**Libraries:** Numpy, Pandas, Seaborn, Matplotlib, Plotly
**Web Development Tools:** VSCode, GitHub
**Analytical Tools:** Power BI, Microsoft Excel,Databricks
**Databases:** MySQL

## POSITIONS OF RESPONSIBILITY

**•Marketing Team Member**- NGC WEB TECH CLUB-VITAP *Aug. 2022 - Aug. 2023*

- **Event Promotion:** Served as a marketing member for the WEB TECH Team, participating in club events and promoting the club. Organized marketing campaigns and networking strategies, successfully driving 100-200 attendees per event and improving overall engagement 40% over a 6-month period .
